Week 4 of 10 Term 2

Unique Opportunities

It is wonderful to be able to meet with the parents of students who are looking to enrol at our school and talk through the opportunities that are available to students at Coffs Harbour Christian Community School.

Our Christian foundation stands us apart as a provider of education that helps to shape the understanding children have of themselves and their world through a Christian world view.

We receive much feedback about other positives that are strengths of our school. One of these is the fact that our staff really care for and know the students. The sense of community is a great source of comfort and support for our families and children as they grow through the school.

Last week, I led a family on a tour of the school's facilities and, when we reached the Library, one of our Skype sessions was in progress with a class of Indonesian students from SDK Maranatha, one of our sister schools in Bali. The family on the tour gained a valuable insight into another of the great positives of our school.

We aim to open the eyes of our students to learn about and look out for the needs of others, whether they be classmates or students from another country, many of whom experience great hardship in their lives.

May God bless you as parents as you play your vital part in the development of the learning of your children – both at school and in life in general.

Tuhan memberkati,

Daryl Davey
Co-Head of Junior School

Responsible Pet Program

The Responsible Pet Ownership Program educates children from ages 4-12 about living safely with dogs and responsible pet ownership. The Programs Pet Educators and their suitability tested dogs visit over 2000 kindergartens and 800 primary schools throughout the state yearly promoting the vital safety messages through animated presentations, song and role play. Our K-2 students will enjoy another visit from Kathy and her beautiful dogs this Friday. This is such a great program and all students benefit from their visit.
