Beautiful Work 1KS

I love my job, I get the privilege of seeing all the students working in their classrooms. We are so blessed as a school to have so many amazing staff who do an amazing job with your children.

I had the joy of walking into Mrs Kennedy-Swilk's classroom and noticing the amazing art work on display. I was impressed with what I saw and wanted to show you some of their work for you to enjoy as well. The students have been studying sea scapes focusing on foreground, middle ground and background and using a whole variety of tools and techniques. The students are encouraged to use their personal expression.

Isn't it great that students at our school get to study the beauty in the world God created. As you look outside this week remember that in Genesis God created this for us to look after and to enjoy.

School Orientation

Exciting Change

This year we will have a K-5 Presentation evening at our Bonville Campus in the Multipurpose Hall. Times will be announced soon in another Newsletter. There will be no restrictions on the amount of guests, and this is hopefully easier for working parents to attend. There is also a change of date so please adjust your calendar to:

Monday 5 December 2016

Stay tuned for more details.

Our K-5 school orientation will take place on the last day of school— Tuesday 6 December. Students will be informed of their teacher for 2017, and will spend the day in their new classroom. This will be a day of fun and getting to know each other, and includes students new to our school.
